

# What to Expect

## Assessment

- A Green Deal Advisor will visit your home to carry out an energy assessment
- They will discuss your improvement recommendations and the financial options available to you
- You will be given a Green Deal Advice Report which outlines all this information
- The Advisor should discuss in full all the terms and conditions attached to their Green Deal organisation, and disclose any links to Providers or other organisations

## Finance

- You can take your Green Deal Advice Report to any Green Deal Provider to quote for your selected works
- The Provider will also compile a funding package or make you aware of any subsidies or incentives you may be eligible for
- Once agreed, you will sign a contract with the Provider allowing them to set up repayments on your electricity bill
- You will be charged a fixed rate of interest on the cost of the works

## Installation

- The Provider will arrange for an installer to carry out the works to your property
- The installer will be Green Deal accredited and vetted by the Provider as suitable to complete the selected measures
- Once work is complete, a further EPC will be carried out to cover the improvements
- You will start making automatic repayments via your electricity bills
